

Young Researchers Wanted: Assistive Technology, e-Accessibility, Technology & Ageing

**** please share via your channels ****

Are you a young researcher writing your bachelor / master / PhD thesis or doing new research in Assistive Technology, e-Accessibility, Technology & Ageing or related topics?

Please contribute your work to **ICCHP ONLINE Young Researcher's Consortium 2020**.

For further info, visit <https://www.icchp.org/next-gen-20>

Accepted young researchers will:

- present their work during a 2-day pre-conference of the ICCHP (September 7-8, 2020)
- discuss the current state and future steps of their research with peers and experts
- learn about research in this field from experienced researchers
- participate for free in the ICCHP events (see note)
- meet new people doing research and have fun!

* Please note:

- If a YRC applicant is successful and also has a paper accepted to the main ICCHP conference, they will need to pay for a full conference registration.
- Submission of an accepted ICCHP conference paper as a YRC submission is not permitted.
- All applicants will receive detailed feedback on their application.

Application deadline **June 22nd, 2020**
